Examiner:

Att. Docket No.: E1047/20043

Confirmation No.: 5438

For: AMPEROMETRIC AFFINITY ASSAY AND ELECTRICALLY STIMULATED
COMPLEXES OF NUCLEIC ACIDS

SUPPLEMENTAL SEQUENCE LISTING AMENDMENT

United States Patent and Trademark Office
Box Sequence
P.O. BOX 2327
Arlington, VA 22202

Sir:

In response to the Office Action dated May 31, 2002, please
amend the above-identified application as follows:

IN THE SEQUENCE LISTING:

Please delete the Sequence Listing in its entirety, and
substitute the attached substitute Sequence Listing therefor.

REMARKS

In response to the attached Notice to Comply, this Amendment
provides what is believed to be an uncorrupted electronic copy of
the paper Sequence Listing attached to the February 14, 2002
Sequence Listing Amendment (the undersigned notes that his file
copy of the February 14 CRF does not have the formatting problems
shown in the Notice, and was simply recopied to the attached
diskette without alteration). Thus, this Amendment should resolve

Application No. 09/998,155

all pending Sequence Listing issues for at least the same reasons discussed in the February 14 Amendment.

A paper copy of the substitute Sequence Listing is also attached hereto. Pursuant to 37 CFR 1.821 and/or 1.825, the undersigned hereby states that the content of the paper and computer readable versions of the substitute Sequence Listing are the same.

Accordingly, it is respectfully submitted that Applicants have now complied with all relevant Sequence Listing requirements.

Should the Examiner believe that anything further is desirable in order to place the application in even better condition for initial examination and allowance, the Examiner is invited to contact Applicant's undersigned attorney at the telephone number listed below.

Respectfully submitted,

CAESAR, RIVISE, BERNSTEIN,
COHEN & POKOTILOW, LTD.
